### LOCAL NOTES

Silver is quoted at 65¢.

Dr. Gaff, Benson—Physician and surgeon.

Dan Hully is in from Pearce on business.

Treasurer Vickers returned yesterday from a flying visit to Bisbee.

Herbert Gage and wife arrived yesterday in Prescott and are the guests of Mr. and Mrs. E. B. Gage—Miner.

Probate Judge Bradley issued a marriage license to Miles Gibbons to wed Flora Whitney; both of Bisbee.

T. R. Abernathy was elected a delegate to the republican convention from Dragoon and Dr. Gaff, Wm. Shilliam and M. Castenada from Benson.

M. G. Crowley came in from Pearce yesterday. He says the town still moves forward in the way of new buildings, from one to three houses being in course of construction all the time.

The season of the year has arrived when cool nights prevail, but this only adds to the shrillness of the whistle as the mosquito train approaches, and serves as a grindstone on which to sharpen his bill.

W. Randolph was fined \$50 or 25 days, before Judge Alvord, for disturbing the peace, and will remain in the county bastille to serve his sentence. He was arrested at the merry-go-round for creating trouble.

There is a band of sheep which are being herded in close proximity to town that ought to be taken farther away to graze. There are many citizens of Tombstone who keep their cows that ought to have the benefit of the nearby grass.

Last August while working in the harvest field I became overheated, was suddenly attacked with cramps and was nearly dead. Mr. Cummings, the druggist, gave me a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy which completely relieved me. I now keep a bottle of the remedy handy. A. M. BUNNELL, Centerville, Wash. For sale by Druggists.

Miss Mary Jane Smith.

### THE LADIES.

The pleasant effect and perfect safety with which ladies may use Syrup of Figs, under all conditions makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Company, printed near the bottom of the package. For sale by all responsible druggists.

George Porter of the Bisbee Orb returned to the copper camp today after a brief stay at the county seat. George says the Pops of Bisbee are increasing in numbers and thinks a large portion of the county offices this election will be held by the Pops.

This country settles only one great question at a time. No effort, however earnest can lug, haul, drag or force into this great crisis any issue except the free, unlimited and independent coinage of silver by the United States at a ratio of 16 to 1 with gold.—M. A. Smith.

Said a prominent Republican yesterday, "Look out for an astonisher on the 8th. There will be a bomb exploded that will surprise the oldest inhabitant." No further enlightenment was given and the mystery will remain until the day and date when the startling event is to happen.

Mark Smith very pertinently said last night in his speech: "He might not be able to accomplish as much as some of his republican friends, but he would not permit the people of Arizona to be robbed by fraudulent railroad bond legislation. This is true as Holy Writ. No jobbing legislation for Arizona was ever indulged in while Mark Smith was in congress."—Gazette.

Judge Barnes is the kind of democrat who, if he is beaten in a political fight, takes off his coat and goes to work for the interest of his successful opponent. He opposed the nomination of Mark Smith for delegate, but Mark received the nomination; and from now on until the polls close on the evening of November 3rd, Mark Smith will have no more ardent supporter or more tireless worker than William H. Barnes.—Border Vidette.

## The Editor's Check.

A rather funny series of paragraphs is going the rounds of the papers; and under the fun there is, as usual, considerable truth.

The poet Tennyson could take a worthless sheet of paper and by writing a poem on it could make it worth \$35,000.—That's genius.

Vanderbilt can write a few words on a piece of paper and make it worth \$5,000,000. That's capital.

The United States can take an ounce and a quarter of gold and stamp upon it an "eagle bird" and make it worth \$20. That's money.

The mechanic can take material worth \$5 and make it into watch worth \$100. That's skill.

The merchant can take an article worth seventy-five cents and sell it for \$1. That's business.

A lady can purchase a very comfortable bonnet for \$3.75, but she prefers one that costs \$27. That's foolishness.

The ditch-digger works ten hours a day and shovels three or four tons of earth for \$2. That's labor.

The editor can write a check for \$80,000,000, but it wouldn't be worth 80 cents. That's rough.

"We had an epidemic of dysentery in this vicinity last summer," says Samuel S. Pollock, of Bricefield, Cal. "I was taken with it and suffered severely until someone called my attention to Chamberlain's Colic, Cholera and Diarrhoea Remedy. I procured a bottle and felt better after the first dose. Before one-half of the bottle had been used I was well. I recommended it to my friends and their experience was the same. We all unite in saying it is the best." For sale by Druggists.

### The Discovery Saved his Life.

Mr. G. Caillouette, Druggist, Beaver ville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or home without it." Get a free trial the Tombstone Drug Store.

### Republican Delegates.

When he was supposed to be for Arizona and free silver, his name was A. J. Doran but now that he has enlisted under the yellow banner of Hanna to fight for gold and against Arizona, his name sounds the same, but is spelled A. J. Doughran. If you desire a ravenous pie counter appetite, purchase a bottle of Dr. Doughran's celebrated English gold cure, warranted to exterminate the silver industry, if diligently applied. None sold after Nov. 4.—Courier.

An eminent Pittsburg physician declares that tomatoes are a dangerous article of diet. The tomato plant belongs to the same botanical family of plants as those from which we get such powerful poisons, belladonna and other opiates. He says it gradually undermines the nervous energy of the heart, and that such frequent deaths from heart failure were not known till tomatoe became a popular diet. He cautions young people approaching maturity, nervous women, and those subject to neuralgia and rheumatism against the use of tomatoes, and also people subject to mental strain.

## A CALL FOR AID.

### Appeal of Chairman Jones of The National Committee.

TO THE PEOPLE OF THE UNITED STATES: The Democratic Party in the present contest is engaged in the defense of the plain people against the encroachments of the favored classes. This is purely an economic issue. In its importance, however, it overshadows every question which has occupied public attention since the tragic campaign of 1860.

It presents the alternative at once imperative and terrible. It is imperative because delay may take from us the possibility of choice, and terrible because of the dire consequences which must follow failure.

Is the American Union big enough strong enough, and patriotic enough to have its own financial policy? If not then we are the serfs of the money changers of Europe and their agents in this country, and are doomed to a vassalage more ignominious and more degrading than that against which our fathers fought a century ago. Our manhood, our freedom, the fruits of our industry, integrity of our homes, everything that enlightened men hold dear—all these are the playthings of aliens and the prey of usurers.

The American people are not ready to surrender the liberties for which their forefathers shed their blood. We believe that liberty and self-government are destined to remain the heritage of this splendid nation; that we shall not be fated to become a living lie, a nation of slaves, callous and degraded enough to wear only the mask of freedom.

We have allied against us in this contest, not only the financial forces of Europe, but the subsidized press and all the monopolies and trusts here at home, who are determined if possible to fix forever their relentless yoke on labor for all time.

To oppose them we must rely upon the patriotism and heroic manliness of the plain people—the toilers who create the wealth which speculators absorb. With unlimited money in their hands, our enemies are printing and distributing misleading and untruthful statements; hired speakers and emissaries are everywhere attempting to mislead and delude the people.

To meet and counteract this we must distribute documents for the dissemination of the truth; we must explode their fallacies; their misstatements and their utter selfishness.

To do so we need money at once and can only hope for help from the plain people. We ask only for the necessary means to conduct a vigorous and aggressive campaign. No matter in how small sums; no matter what humble contributions. Let the friends of liberty and national honor contribute all they can to the good cause. To the overflowing treasury of the money power we will oppose the accumulated offerings of the masses, fighting to be free, and ask the Ruler of the universe for His blessing.

Wherever there is a bank or money order office remittances may easily be made to Wm. P. St. John, Treasurer of the National Democratic Committee, Hotel Bartholdi, New York City. A receipt will be returned in every instance.

When victory is achieved over the unscrupulous combination which is endeavoring to thrust William McKinley into the presidential chair, the recorded list of the contributors to this good cause will be a roll of honor.

between Schilling's Best and other teas when you know both. No one will then question your verdict.

It costs you nothing to try Schilling's Best—your grocer gives your money back if you don't like it; but if you do like it best, of course you don't want your money.

Fifty cents—at your grocer's.

Mr. Wood Moore of this city and Miss Gertrude McCormick were united in marriage at the bride's home in Tombstone, Arizona, Wednesday, Sept. 16th. They arrived in Neosho last Sunday and are now at Moore's home. Mr. Moore is one of Neosho's most successful young business men. He is a partner in the Golden Eagle Mercantile Co. and devotes his attention to the management of its business. His bride was a student of Scarritt college for several years, graduating with the class of '95, and it was while she was attending school that the attachment was formed which resulted in this marriage. She has a host of intimate friends here who are glad that she has become a permanent resident of Neosho. Mr. and Mrs. Moore will be at home after the 25th at their cottage in the south-west part of town. —Neosho Times.
